OUR HISTORY

Consortium grew out of a small book wholesaling cooperative in 1985 to become a full-service distributor. We quickly earned a reputation as an advocate for independent publishers. As our reputation and expertise grew, so did our publisher base.

Our current list of publishers illustrates our continued commitment to our literary roots. In addition, we continue to nurture key subject areas such as **politics, current affairs, popular culture, fiction,** and **poetry**, along with a wide variety of other categories.

Our goal is to foster a vibrant community of independent publishers by distributing a diverse selection of thought-provoking books to the widest possible audience.

Although we've grown considerably and the issues facing independent presses have changed, **our core mission remains the same—to provide the highest level of service to all of our clients and customers.** After all, we share in your success.

Our people are dedicated professionals who care deeply about books and believe that the dissemination of ideas—especially those that might otherwise go unheard—is a vital and honorable task.
